New City Court Complex.

The first step in the city's efforts to revitalize the Glendale Avenue Corridor will begin with construction of Glendale's new court complex at the former Larry Miller Toyota location, 4701 W. Glendale Ave. Residents, city leaders, and staff attended a celebration on Monday, June 9, to kick off the construction activity. Demolition is set to begin by the end of June, with completion projected for 2010.

From The Heart. Eighteen non-profit agencies that provide services to Glendale's most vulnerable children, families and elderly residents recently received financial grants from money donated by Glendale utility customers and businesses.

The money will be used to fund such services as home-delivered meals for Glendale's frail and elderly residents, support programs for teenagers and emergency programs for victims of violence and abuse.

The \$179,000 distributed to the agencies was raised through Glendale's *From The Heart* program, which enables residents to add \$1 to their city utility bills each month. Businesses also donate to the program and [the BHHS Legacy Foundation](#) provides a 50-cent match for every dollar donated to *From The Heart*.

Since *From The Heart* began in 1997, more than \$1.5 million has been collected and distributed to non-profit agencies serving Glendale residents. One hundred percent of all donations go directly to providing services to citizens. For more information, including a list of the agencies that received funding, [click here](#).

Performing Arts Grants. Glendale's art and culture will continue to grow, thanks to the Glendale Arts Commission. The commission awarded a total of 25 performing arts grants to non-profit organizations, schools and governmental agencies for the 08/09 fiscal year. Grant applications were reviewed by the Arts Commission in May and approved by the Glendale City Council.

Applications were reviewed with the following criteria in mind: 1) artistic quality, 2) ability to serve the needs of the community, 3) managerial and administrative ability of the applicant organization in producing or presenting the arts and, 4) appropriateness of the project budget.

In 1996, the City Council approved the Performing Arts Grants Program to motivate, increase and support the performing arts in Glendale. The Performing Arts Grant Program supports a wide variety of programs, which make the arts more accessible to Glendale citizens, most notably youth and their families. Since the inception of the program, the city has funded 134 grants totaling \$338,325.
